

LOWEST PRICE GUARANTEED TERMS AND CONDITIONS

*To be eligible for the Simply Automotive 'Best Price Guaranteed', you need to supply us with written evidence of any genuine quote, on the dealer's letterhead. The Best Price Guaranteed is only available on identical product (make, model and variant) and where the vehicle is available for effective delivery within the month of quotation, therefore qualifying for all relevant factory bonuses and campaigns. Pricing must be comparative on identical, like-for-like vehicles, therefore the Guarantee will not be achievable when pricing is relating to used vehicles, demonstrator vehicles, fleet purchases, multiple vehicle discounts, or corporate discount offerings. Vehicles must be production vehicles available from multiple outlets within the region of registration, without customization, and be available in market without production variants. Simply Automotive's 'Best Price Guaranteed' is to beat any written quote by 10% of the difference between the Simply Automotive quote and the supplied new car franchise written quote.
